

Waverley Safer Neighbourhood Team Newsletter 25

August 2023

Anti Social Behaviour Awareness Month

PCSO John Francis (centre of the picture) conducted a site visit of Green Lane Cemetery in Farnham this month to discuss improving security in light of ongoing anti-social behaviour reported in this location. Stephen Cake, one of Surrey Police's 'Designing Out Crime' Officers (pictured left), and Iain McCready of Farnham Town Council (pictured right) were also in attendance to lend their experience and expertise.

📱 If you witness any anti-social behaviour at this location or anywhere else, please report it to us via the live chat facility on our website <http://spkl.io/61874lzXL> or via private message here on social media. (Please call 999 in an emergency)

➡ If the location in question is owned by a town/parish/borough council, please also make them aware so they can also take any appropriate action.

Neighbourhood Specialist Officer

Updates

Godalming

We have been carrying out ASB (anti social behaviour) patrols in Farncombe and Godalming areas. Also, we have been liaising with our housing officers and completing joint visits within the areas. We have been working and assisting our colleagues in Woking, during this exceedingly busy period.

*PC Chris
Skillicorn-Aston*

Haslemere

The Haslemere team have been focusing this month on repeated instances of ASB and criminal damage in the MILFORD area. A group of youths have been identified following CCTV enquiries and have been referred to our Youth Restorative Intervention Team. Anti social behaviour always increases in the summer months and during the long school holidays. Do you know where your teens are and what they are doing in evenings?

PC Kat Farmer

Neighbourhood Specialist Officer Updates

Cranleigh

Over night on the 15th August Cranleigh High Street suffered a series of burglaries to commercial premises. We have been working with the owners to try and identify those responsible and have increased patrols for extra reassurance.

Bramley has recently suffered a spate of graffiti across the area. Not only is this anti-social but it looks unsightly and costs money to remove it.

Anyone with any information that could help us with our investigations, please do get in touch.

*PC Gavin
Greenaway*

Farnham

The Farnham team have been conducting enquires into some known postcodes that we have been made aware of reported Anti-Social behaviour in the Farnham area. This is so we can look to support those involved and see what force could be available to us should we need to use them. We have also been occupied checking CCTV for various offences in the town centre and identifying those involved. This then enables us to deal appropriately with those individuals involved.

*PC Barry
Baldwin*

How to report a crime or incident

Emergency : call 999

Non Emergency : call 101 or report online or via our live chat www.surrey.police.uk

RURAL NEWS

PROTECT YOUR

**FROM THEFT
THIS HARVEST**

Our neighbouring counties have seen a rise in theft of tractor GPS recently. Although we are yet to see any similar reports in Surrey, our farmers and landowners have been victim of this costly theft. This has been a difficult enough harvest season with the weather so please protect yourself and your livelihood from theft with the following tips:

-  Remove your GPS where possible and store securely overnight using a secure cabinet, tool storage unit, or safe.
-  Activate PIN security on GPS kit with your own unique number.
-  Use a forensic marking or etching kit and apply visible warning labels to show that the GPS unit is marked.
-  Record serial numbers, take colour photographs of the GPS unit from various angles, including identifying markings. This will help us track or identify your GPS unit if it is stolen.
-  Keep tractors and combines hidden out of sight when not in used, preferably in a locked barn.

If you have home security cameras, smart doorbell or dashcams, and have noticed any unusual activity such as someone looking in vehicles or scoping out your address, you can submit the footage via our suspicious activity portal:

<https://www.surrey.police.uk/suspiciousactivityportal>
